A Message From Our Group CEO

“

Our origins at Dav-Ric Group have birthed our firmly held values of Competence, Resourcefulness, and Surpassing Expectations. We approach opportunities seeking to add value first — this is how we have grown from a small logistics company leasing fleet assets to a conglomerate of four companies operating in seven industries over two decades.

Iyke Agwu

Group Chief Executive Officer, Dav-Ric Group

Our Commitment

Our commitment at Dav-Ric Group to serving our clients across multiple industries has become our compass — reinforcing the passion to deliver above expectations, guiding us to new heights of Innovation, Resilience, and Excellence. We give confidence and direction to those we serve.

“Our Word is Bond and Our Bond links the World.”

Two Decades of Building With Purpose

In 2008, the Dav-Ric Group journey began with a dedication to pursue purpose with an undeterred determination to build businesses into institutions. What started as a trading business sourcing and distributing petroleum products has grown, over almost two decades, into a diversified group spanning Energy, Telecoms, Construction, and Real Estate.

Design Intent, One Continuous Vision

Our in-house design leadership guides one continuous design vision across the Dav-Ric Group's portfolio of developments. Dav-Ric Homes is currently advancing five distinct projects across Ibadan and Abuja — each shaped by the same design philosophy realised in Dav Ric Towers, the Group's own headquarters.

A signature red-lattice facade, sculpted stone volumes, and rooftop pergolas — the architectural language now carried across every Dav-Ric Homes address.

Dav Ric Towers — A Foundation Realised

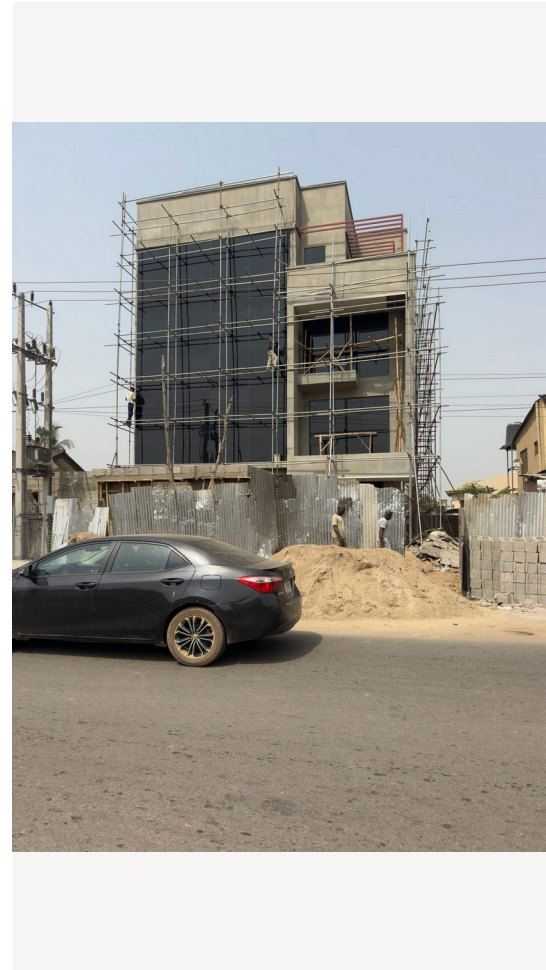

The head office of the Dav-Ric Group, completed in Oluyole, Ibadan, stands as the architectural benchmark for the wider Dav-Ric Homes portfolio — its material palette, massing discipline and detailing set the standard now carried into every estate that follows.

Pebblebrooks Estate

Jericho, Ibadan • ±3,218 sqm

A 13-unit gated apartment estate combining terrace and semi-detached typologies around a central landscaped mall — conceived as a self-contained residential community: luxury, serene, elegant, modern. Seven 4-bedroom terrace houses (each with a maid's room) sit alongside six 4-bedroom semi-detached houses with a 1-bedroom basement apartment, all anchored by a central badminton court and supported by an ancillary recreation building and gate house.

Pebblebrooks Estate — Site Progress

Structural works ongoing on site — real progress photographs from the most recent site visit.

Project Beta

Alalubosa Estate, Ibadan • ±3,023 sqm

An evolving estate currently at carcass stage to the rear, now extending toward the street frontage with a new phase of terrace and semi-detached residences built to a taller, more refined massing. Five existing 4-bedroom terrace units built to carcass sit at the rear of the plot, while four semi-detached units plus a self-compound unit front the main road at the Group's newest building height.

Guzape Main Project

Guzape, Abuja, FCT • ±1,667 sqm

The newest addition to the portfolio and its most exclusive: a luxury terrace development within one of Abuja's most prestigious residential neighbourhoods, designed to match the calibre of its address. The project is currently at concept design stage, with five distinct design directions under consideration before a final direction is selected and developed into full working drawings.

G+2 Building Height	Luxury Design Tier	Concept Current Stage

Grand Verdantia

Onireke, Ibadan • ±8,000 sqm

A departure into hospitality and events: a landmark development combining a full-service hotel with a grand event marquee, positioning Dav-Ric Homes within the hospitality sector for the first time. The aluminium-orangery event hall — complete with administrative and security buildings, colonnades, fountains and gardens — is specified and under procurement, while hotel design concepts remain under review.

Project Sigma

Adeoyo Road, Ring Road, Ibadan • 2.4 Hectares

The portfolio's largest undertaking: a fully serviced, infrastructure-first land development. Forty-four individually numbered plots are arranged around a fully serviced internal road network complete with drainage, central sewage, and central gas reticulation. An open house on site lets prospective clients see exactly what's achievable before each individually sized plot is sold.

Beyond the Five — Our Wider Footprint

Dav-Ric Homes' journey includes earlier and ongoing communities that continue to shape the brand's reputation for quality and durability.

Model Homes & Offices

Ontario, Canada

A pioneering mixed-use development offering luxurious living spaces and state-of-the-art offices — the Group's North American flagship, featuring one elegant townhouse and one sophisticated office space with contemporary architecture and premium finishes.

Rose Vine Estate

Oluyole, Ibadan, Nigeria

An upcoming residential haven set against a backdrop of natural beauty — ten elegant semi-detached bungalows each with private vineyard-styled compounds, alongside five luxurious detached homes with courtyards, in a lush, tranquil community.

Building the Next Chapter of Dav-Ric Homes

From Pebblebrooks to Project Sigma, every development carries forward the design discipline realised at Dav Ric Towers.
